VOLUME 5.

CLARESHOLM, ALTA., JULY 10, 1908.

NO. 19

July First

At Clear Lake

Clear Lake is one of the best places for recreation in Southern Alberta. Situated about 10 miles from Claresholm, almost surrounded by hills, with a stretch of water three miles long and a mile wide and with its excellent boating and bathing facilities it makes a very pleasant change from the open prairie fear by.

On July first, Clear Lake had a very lively time. Never before in its history had so many people gathered around its shores except when Blood and Blackfoot fought for mastery or held high carnival there. Soon after nine o'clock the friends connected with the Prairieville Sunday School began to arrive. These were followed by a large contingent from the Star Line district, until at least 200 people were present. Mr. E. W. Frost generously placed his boats at the disposal of the party and nearly everyone young and old enjoyed a trip over the lake. It looked much like a famous sea side resort to see the long sandy beach dotted with bathers in full bathing costume. Football and other amusements kept the party in good spirits. Refreshments were there in abundance. Mrs. Knight, the Prairieville photographer took some very fine pictures. The mosquitoes were kindly refrained from pinching that day and absence from the pleasure grounds of Clear Lake was greatly appreciated.

After supper the buggies and automobiles and wagons began reluctantly to move off and as the sun set Clear Lake was left once more in solitude.

Calgary Fair.

The general opinion as regards the Dominion Fair at Calgary was very favorable indeed. Probably the greatest attraction and the most successfully competitive department was the district exhibits. Nowhere else in Canada could be found such evidence of natural resource, native industry and successful agricultural production. The finest exhibits were from the south and we are pleased to know that our sister city, Granum, captured first prize. McLeod has long been endeavoring to keep Granum under her wing as a prodigy of her own. The McLeod paper boldly announced that their district captured all the prizes. How's that for gall. McLeod has such a small garden patch of her own that it suits her terrestrial ambition to absorb a district as large as Granum. Why not come a little further and take in Claresholm.

Our own exhibit was representative of the district, namely, the production of first-class grain in large quantities. The object of the exhibit was not competitive and it was a mistake to allow the judges to score to score the exhibit at all. The time had not been taken and the money was not forthcoming to exhibit in a more elaborate scale. The exhibit served the purpose of its adoption, namely, an advertising medium for the district. It is regrettable that the advertising matter did not reach Claresholm in time to be of any assistance.

New Political

Party Formed.

Farmers and City Workers meet in Convention.

The convention of farmers and city workers which met in Regina resulted in the formation of a new political party, styled "The People's Political Association of Canada." The platform of principles was drafted as follows:

The public ownership and operation of elevators, railways, telegraphs and telephones, waterworks and lighting, and all other public utilities.

The abolition of the contract system on all public works. That a minimum wage be paid for an eight-hour day, subject to local conditions.

Equal rights to all, absolutely no special privileges to any individual, municipal body or province.

That the body domain be administered by each province in the same interests of its people, and that the products of mineral and timber lands, when needed, be made available to the people under provincial supervision.

That all money be issued by the Dominion Government, and not by the banks as at present.

Tax reform by taxation on land value.

Restriction of Asiatic immigration.

Compulsory education up to the age of fourteen years.

Abolition of child labor under fourteen years of age in all branches of industry, such as mines, workshops, factories, etc.

Government inspection of all industries.

Direct legislation through the initiative and referendum, with power to recall representatives if pledges are not lived up to.

Prohibition of prison labor in competition with free labor.

That settlers who have had no pre-emption be permitted to locate one upon residence and cultivation requirements, and the payment of \$1 per acre.

Abolition of property qualifications for all public offices.

Exemption Act to be repealed. The payment of the poll tax and one year's residence to carry him with it full municipal voting powers.

Resolutions were passed, asking for the abolition of the Senate, respecting the compilation of voters lists, respecting the liquor traffic, Government ownership of public utilities, public ownership of elevators, etc.

The constitution adopted is modeled somewhat on the lines of the Independent Labor Party of Canada, with a few clauses added, affecting the farming interests. Candidates are to sign an obligation, pledging fidelity to the party, or failing such to resign. All members are to be obligated also.

Organization work was outlined and the various federal constituencies were discussed. It was claimed that at least two of the Saskatchewan constituencies could be depended upon to return People's Political Association candidates. Other constituencies will be organized, and an effort will be made to have them in shape for the coming election.

Local Horses

At Exhibition

The following successes were gained by local horses at Calgary:

Thursday, Land #1 second in dash to Beaver Dam Lad. Ranch King third in Genteman's Purse. In field of eleven. Saturday, Landford third in Alberta Derby. Monday Lion and Lioness (J. Rex) third, dead heat, Ladies Purse. Wednesday Results won 2 dash and Banche King and Star (Edward Ranch) 2 try) were awarded first for best total time in the Inter-Western Relay Race which lasted three days.

Railway Collision

at Medicine Hat.

Yesterday morning a terrible railway accident occurred just east of the local yards between a locomotive No. 792, light, which was running from Medicine Hat to Calgary, to take the Spokane line east to Moose Jaw, and the morning passenger train of the Crow, which was running two hours late.

The names of those killed were: James Nicholson, engineer; Howard Gray, fireman; baggage men Ashmun-bury James Shaw and Duncan McLaughlin, passengers, all of Medicine Hat.

Seriously injured: Engineer Twohey, conductor Malette, brakeman Leonard Black, and express messenger Vines.

Both engines were badly damaged. The engine and the mail, baggage and tourist cars rolled into the ditch.

Engineer Twohey has since died of his injuries.

Uncle Sam's Fourth.

New York, July 6th.—A Chicago special to the Tribune says: Seventy-one dead and 2,284 injured are the figures in the Chicago Tribune 4th of July casualty list up to 11 p.m. last night. An analysis of the figures shows the following details:

Of the deaths there were by fire works and resulting fires 47; by runaway; 3; by firearms 19; by gunpowder 6; by toy pistols 2; by runaway 5 and by heart failure due to explosion of cannon crackers 2.

Those injured were: By fireworks 1,100; by cannon 212; by firearms 198; by gunpowder 53; by torpedoes 69; by toy pistols 211; by bomb canisters 50; by runaway 55. The fire loss was \$525,965.

This breaks all records for deaths since 1889. The number of deaths this year reported up to midnight last night is thirteen more than at the same time last year. In 1905 50 were dead at the same hour. The number of injured, however, is 1,183 less than in 1907 and is the smallest number since 1901 when 1,815 were hurt. This is regarded as an indication that the agitation for a "Safe Fourth" is having its effect.

There seems to be a lack of facility on

the part of the Board of Trade of

this town. Whether this is the lack

of support given to the board by the

business men of town or not it is

hard to say but it is evident there is

something wrong somewhere. The

very fact that there was not inter-

esting material distributed from the

district exhibit at Calgary shows a

lack of foresight on the part of the

others. This matter should have been

attended to months ago and not left to the last week or two as it

was. This town and district can

stand a lot of publicity. This should

not rest alone in the hands of the

real estate agents but it is of vital im-

portance to everyone who is interested

in the welfare of this country. So

we would like to see the owners of the

Board of Trade and everyone

else taken pains to do something.

One thing that is badly needed is

a Board of Trade Room, centrally

located, where the country could be

always kept on display. This room

should be apart from any real estate

office and should be open at all

times for the use of visitors. Most

"Sunshine" Furnace

Where Shaking is Respectable

A Draft of furnace gases, with no other assistance is powerful to overcome the heat resistance in shaking time. Only surplus heat rises of itself above the fire. Direct heat descends into ash-pit, and when ignited, sets out to be thrown, that will sweep through ash-pit and into superheated zone.

In "Sunshine" Furnace the legitimate dust outlet is provided. It's a great big duct-pipe running straight from ash-pit to dome, thence to chimney. When big pipe damper is opened, all dust in ash-pit ascends to dome; then, when direct drafts are opened, all dust passes up chimney.

Always the clean and quick dust route in "Sunshine" Furnace—via grate, to pan, to dust-pipe, to dome, to chimney, to open air.

Write to us for "Sunshine" testimonials received from your own townspeople.

SERIES.

In speaking to the crowds that
went out to listen to John the
Baptist's preaching, Jesus said,
"What went ye out for to see?
A man shaken with the wind?"
I.e. a man of weak mind swayed
by the passing opinion and who
preached anything to suit the popular
ear. "Or a man clothed in fine
raiment such as are in King's
houses?" I.e. a man who truckled
to the fashionable and mighty ones
of his day. "Or a prophet and
more than a prophet?" I.e. one
whose message was fearless and
independent and delivered in the
power of God and for the good of
man.

Oftentimes we go to hear preachers
from the wrong inner motive. We
want them to be eloquent or sensa-
tional or stylish in their manner
and delivery. We consider more
whether they are men of breeding
and polish more than whether they
are men of spirituality of mind.
And so oftentimes we miss the real
message they have to give. They
are men of God speaking the word
of God; but because we are not
anxiously looking for the word of
God as His obedient children we do
not receive the real message there is
for us.

We see only what we want to see
—perhaps not even that. Go to a
church desiring to hear the voice of
God and you will hear it. Go out
into life with the same desire and
the world will be full of divine
messages and indelible with the
Father's holy presence.
Many have gone during the past
week to the great exhibition at
Calgary. They saw only what they
had the inner capacity and intention
to see. There are many who went
together and looked at the same
things, but some saw far more than
others because they went out for to
see with the trained inner vision
and the inquiring mind. So it is
with this paganent of God we call
life. We see God in it if we go out
with hearts attuned to know God's
thoughts and perceive His wise and
loving purposes. What go ye out
for to see?
